

Trend Micro™

Titanium™ Internet Security

Security that won't slow you down.

Strong, fast and easy-to-use protection—Trend Micro™ Titanium™ Internet Security uses cloud technology to automatically stop viruses and spyware *before they reach your computer*, so it won't slow you down—it's a whole new way to protect your computer.

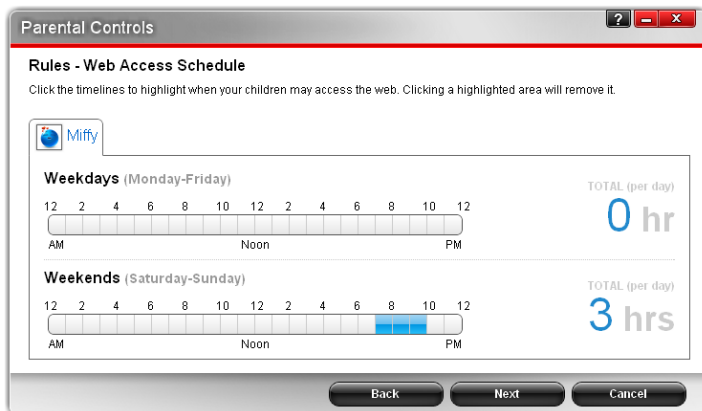

- Real-time updates safeguard you from the latest on-line threats today and in the future
- Light on system resources so your PC runs faster
- Designed to be easy-to-use and understand with simple screens and graphical reports
- Blocks spam
- Parental controls keep kids safe on-line

You and your family can e-mail and surf the web hassle-free, with the confidence that you're safe—nothing comes close to **Trend Micro™ Titanium™ Internet Security**.

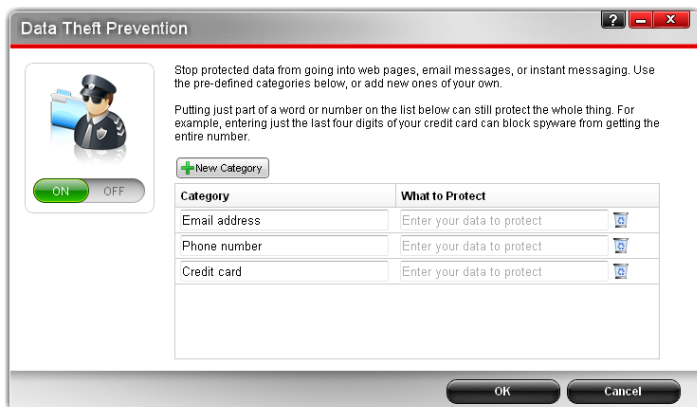

Easy, customisable parental controls

Easily protect your children from inappropriate websites, limit their time on the internet, and see detailed reports about what they do online, without having to look over their shoulders.

Data theft prevention

Prevent hackers and spyware from stealing sensitive data like credit card numbers, passwords and email addresses.

Strong protection made simple

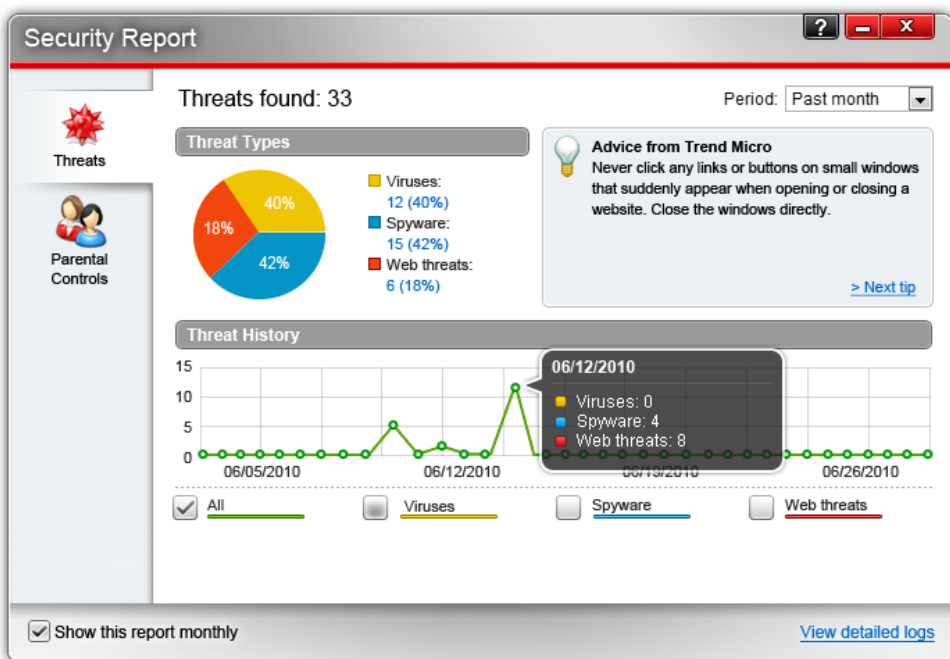

From the main Titanium console screen, you can run a scan or get up-to-the-minute status reports on your computer's security.

TREND MICRO™ TITANIUM INTERNET SECURITY

Detailed security reports

Easy to read graphic reports provide you with all the details about the threats that attack your computer. You can drill down into detailed logs with just one click.
