

Trend Micro™

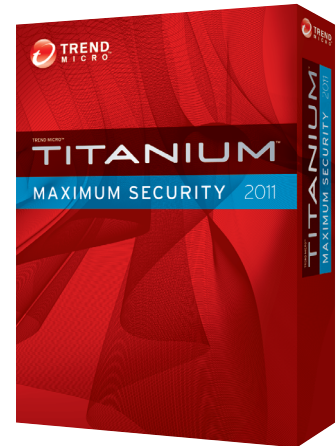

# Titanium™ Maximum Security

## Security that won't slow you down.

Strong, fast and easy-to-use protection—Trend Micro™ Titanium™ Maximum Security uses cloud technology to automatically stop viruses and spyware *before they reach your computer*, so it won't slow you down—it's a whole new way to protect your computer.

- Real-time updates safeguard you from the latest on-line threats
- Light on system resources so your PC runs faster
- Designed to be easy-to-use with simple screens and graphical reports
- Shop and bank on-line securely with transaction and data theft protection
- Parental controls keep kids safe on-line
- Blocks spam
- Remotely secure confidential files in case your PC is stolen

Email, shop and bank online hassle-free, with the confidence that you're safe—nothing comes close to Trend Micro™ Titanium™ Maximum Security.

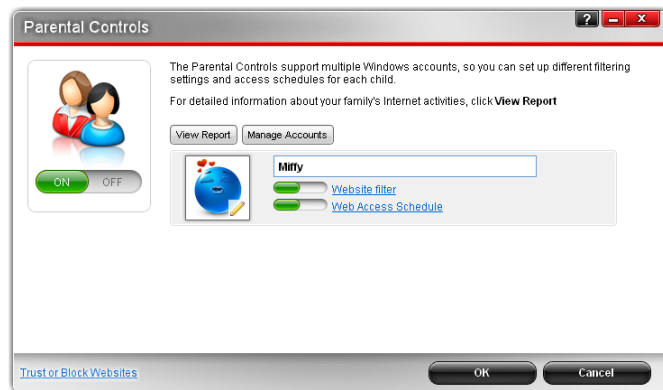

### Strong protection made simple

From the main Titanium console screen, you can run a scan or get up-to-the-minute status reports on your computer's security.

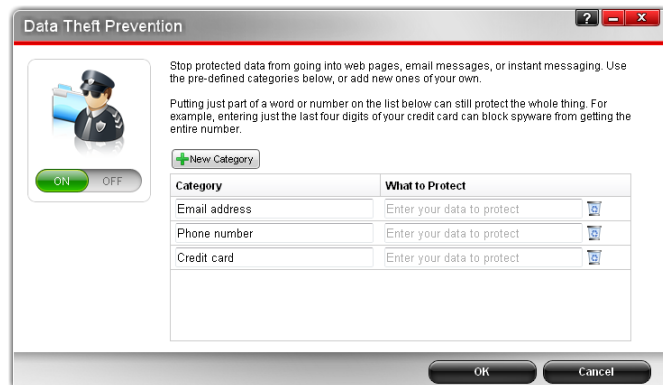

### Easy, customisable parental controls

Easily protect your children from inappropriate websites, limit their time on the internet, and see detailed reports about what they do online, without having to look over their shoulders.

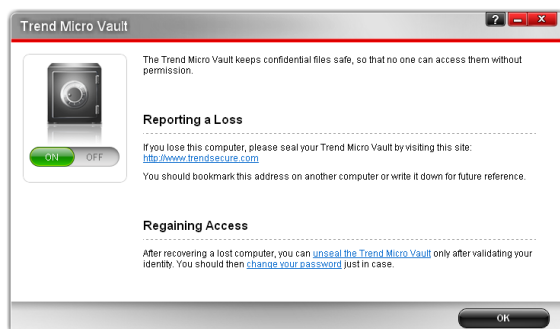

### Data theft prevention

Prevent hackers and spyware from stealing sensitive data like credit card numbers, passwords and email addresses.

### Trend Micro Vault

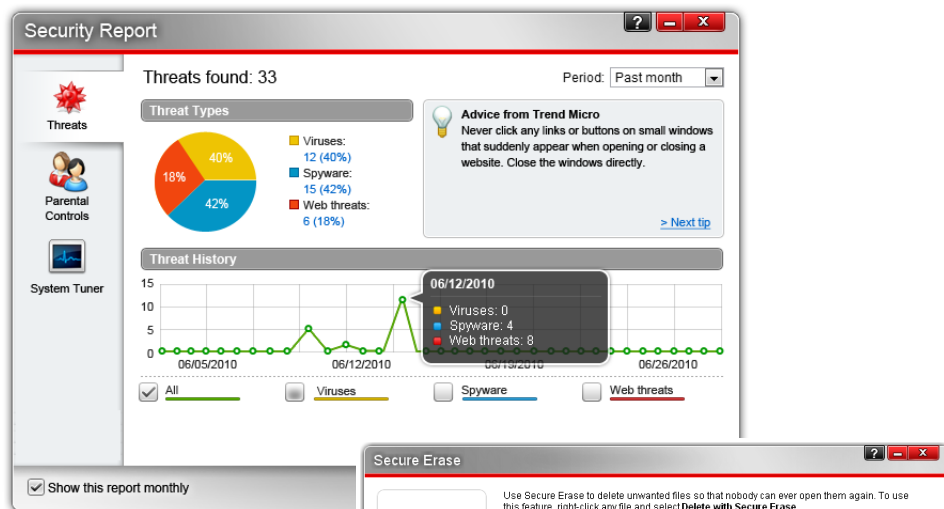

The Trend Micro Vault is a password protected folder that can safeguard your sensitive files. If your computer is lost or stolen, you can remotely lock this vault to keep these files safe.

# TREND MICRO™ MAXIMUM INTERNET SECURITY

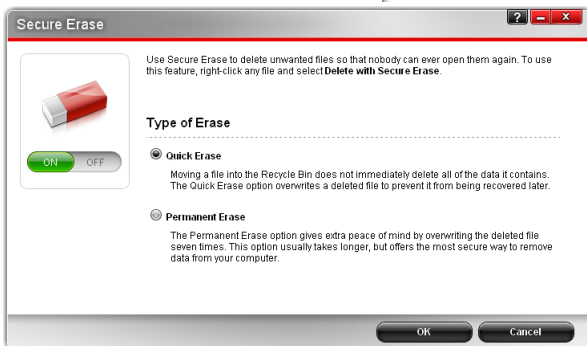

## Detailed security reports

Easy to read graphic reports provide you with all the details about the threats that attack your computer. You can drill down into detailed logs with just one click.

## Securely erase documents

Deleting a file just removes the directory information used to find it, but not the actual data. The **Secure Erase** feature overwrites deleted files with random data, so that the contents can't be retrieved. For even more security, the Permanent Erase option overwrites files seven times and meets United States government data security standards.

SYSTEM REQUIREMENTS	
<b>Operating System:</b>	<ul style="list-style-type: none"> <li>Windows® 7 Family, Service Pack 1 or higher</li> <li>Windows® Vista® Family, Service Pack 1 or higher</li> <li>Windows® XP Family (32 bit or higher), Service Pack 3 or higher</li> </ul>
<b>CPU:</b>	<ul style="list-style-type: none"> <li>Windows 7 requires 800 MHz (1 GHz recommended)</li> <li>Windows Vista requires 800 MHz (1 GHz recommended)</li> <li>Windows XP requires 450 MHz (800 MHz recommended)</li> </ul>
<b>Memory:</b>	<ul style="list-style-type: none"> <li>Windows 7 requires 1 GB (1 GB recommended)</li> <li>Windows Vista requires 512 MB (1 GB recommended)</li> <li>Windows XP requires 256 MB (512MB recommended)</li> </ul>
